Advertisement for the post of Junior Research Fellow (02)

Applications are invited from the eligible candidates for the post of **Junior Research Fellow (02)** to work in the DBT-funded project on following topics for five years:

1. Molecular biology of abiotic stress resistance in plant/Stress-mediated signalling in plant cell.
2. Plant-based compounds and their commercial significance.

Essential Qualifications: Master degree in the relevant subject with NET or GATE. Candidates having prior working experience on Plant Biotechnology/Cell Biology will be preferred.

Monthly Stipend: Rs 31000 plus HRA (pre-revised).

Interested candidates may submit their application with biodata, self-attested copies of the educational certificates, and proof of research experience/publications through email only. A single pdf file, consisting of biodata followed by educational certificates and experience certificate/research publication, if any, must be sent to the Principal Investigator on his email: bhuminath.tripathi@igntu.ac.in by July 04, 2024. Short-listed candidates will be called for the interview. In case of any query, the PI may be contacted.
